

Maths Workshops

$$\begin{array}{r} (+6) \times \\ 3 \div 2 \end{array}$$

Are you looking for a stimulating environment where your child can extend their learning beyond the classroom?

Week 1

Monday 15th April - Friday 19th April

Week 2

Monday 22nd April - Wednesday 24th April

9am-3pm | \$210 per day

MONDAY
(Week 1 and 2)

$$(x+y)=$$

Algebra Day Year 7-8

In this workshop, we will cover a range of algebra topics from the Year 7 and 8 curriculum. This will include learning key algebraic terminology, simplifying expressions, solving equations, expanding and factorising.

TUESDAY
(Week 1 and 2)

High School Maths Year 7-8

During this day, we will cover a range of topics from the Year 7 and 8 curriculum. This session will be used to revise previous learning and engage in new concepts. We will target specific learning outcomes in number and measurement, geometry, algebra and probability.

WEDNESDAY
(Week 1 and 2)

Selective School Prep Year 5-6

Our day will focus on selective school's exam preparation. We will go through key exam skills and tips for improving accuracy.

THURSDAY
(Week 1)

Discoverer's Den Year 1-6

Dragon's den is coming to Discover Learning! In this exciting workshop, children will become budding entrepreneurs as they design, create and sell their very own products. Armed with persuasive techniques, they will present their innovative ideas to some friendly dragons.

FRIDAY
(Week 1)

Stem Workshop Year 1-6

On this day, we will carry out a variety of exciting activities to test the children's problem-solving skills, critical thinking, team building and perseverance. This will engage the children's maths and English learning.

Call or email to secure your child's place.
